

VALUE PLUS® FIELD & FEED™ TRIAL

2009 GROWER _____
Address _____
Phone (_____) _____

To Qualify: _____ Test # _____

1. Provide on-farm VALUE PLUS® seed corn planting and ability to evaluate yield vs check hybrid for silage or grain.
2. Plant a minimum eight (8) bags of VALUE PLUS® for silage or grain per FIELD & FEED™ unit.
3. Properly produce and keep separate VALUE PLUS® corn silage or grain.
4. Properly formulate ration using HOC/Hi-protein silage or grain.
5. Provide records of feed rations and livestock production levels prior to, during and after VALUE PLUS® use. Forward to American Organic Seed before expiration deadlines. Agree to let American Organic Seed publish your data.
6. Cooperate with American Organic Seed and VALUE PLUS® representatives throughout trial.
7. Sign release for testimonial use of results.

FIELD & FEED™ UNIT: One Field & Feed™ Unit is equal to a minimum eight (8) 80M units of VALUE PLUS® seed corn for silage or grain. Two (2) or more cooperators may make up a FIELD & FEED™ unit if they do not have the capacity to purchase eight (8) or more 80M units of VALUE PLUS® seed corn alone, but meet all other requirements. Upon receipt of field and feeding evaluations, American Organic Seed will credit \$20 per 80M unit of VALUE PLUS® seed corn purchased in 2009 FIELD & FEED™ unit towards 2010 VALUE PLUS® seed corn purchase.

American Organic Seed will provide nutritional support in the formulation of the HOC/Hi-protein ration if requested.

Due to limited quantities of seed, and trial locations, number of participants and VALUE PLUS® hybrids planted will be at the discretion of American Organics.

Recruitment Start Date: December 20, 2008.

FIELD trial results must be tabulated by November 15, 2009. FEED trial results to begin by October 2009 and continue a minimum of two (2) months.

I _____ agree to the terms described herein to participate in the FIELD & FEED™ Trial hereby give American Organic Seed or VALUE PLUS® L.L.C. permission to use information and images pertaining to this trial for publication.
